

Wereldwijzer 2- October 2023

Translated with www.DeepL.com/Translator (free version)

Dear parents/carers of Wereldwijs.

In front of you is the third Wereldwijs of this school year. Winter is entering the country and the Christmas holidays are approaching.

December is a month with many highlights. On 5 December we celebrated St Nicholas with all children. All children were allowed to choose a present from the treasury or were surprised with a surprise. After St Nicholas, we are preparing for Christmas. The days are getting shorter and cosy lights are shining everywhere. Next Thursday we will celebrate Christmas with all classes. With the Christmas party in the classes as a cosy finale. Hopefully we will see you on the square.

Through this way I would like to wish you all happy days and a wonderful 2024! On Friday 22 December the children already have their holidays. I look forward to seeing you at school again on Monday 8 January

Kind regards, also on behalf of the team,
Toyah Vogels
Director IKC Wereldwijs

Regular

Dear parents,

How quickly time goes by! 2023 is already almost over and we will soon usher in 2024! 2023 was marked by a new management and site leaders and at regular to get to know each other. I see beautiful initiatives and care for the children in our school. Sinterklaas arrived by cargo bike, how nice that he also came to visit us. The children of groups 1 to 5 were all allowed to choose something beautiful in the treasure room, which was quite an experience. The children from groups 6 to 8 worked hard on their surprises, which they also enjoyed. The fun working methods and good atmosphere made this day fantastic.

The Christmas trees were decorated and the meals were almost all made up. We even saw the first snow in the schoolyard, how fun was this snowman made by a pupil!

On Thursday, we celebrate with each other a social gathering, you as a parent are also welcome (in good weather outside, in bad weather in the playroom) to enjoy a tasty snack and something to drink (tea or hot chocolate) with us. During and after the celebration, each family will be able to pick up a Winter Wonder Pack. This Winter Wonder Pack contains all kinds of tasty things to enjoy together as a family at home. Will you also come by to collect your package?

In the classrooms, we are working hard on how to give the best education to our pupils. Good teaching involves good instruction, which we do according to the EDI principle. That means: explicit direct instruction. This instruction follows a number of standard phases: Fetching prior knowledge, giving instruction (demonstrating), doing things together and independent processing. While doing things together, we work with activating work forms and make extensive use of the maths boards. This allows the teacher to check whether the children have understood the instruction. If the teacher sees that a wrong answer is given, she can immediately respond to what the children need. In the near future, we will work on this even more in order to enrich the education of your child(ren).

Tommy Tomato

Sometimes we have meals left over in the group or children do not want to eat it at that time. What is not eaten at school we give home. The meals are easy to freeze and also to reheat.

Last term, we mainly ate the pasta menu; we now also get other kinds of dishes to try out.

Wereldwijzer 2- October 2023

Parents' Association

We have received 3 applications for the parents' association, for which we thank them. These parents will be called to a meeting in the new calendar year to explain what is expected and how they can help. We would love to receive more applications, so if you are still in doubt.... don't... just sign up 😊

Kind regards,

Christianne Haan

Site manager of regular IKC Wereldwijs

Look in the Group and Coffee Moment

On 22 November was the second coffee moment. This one was about nutrition and the (sometimes difficult) choices you can make. It was a fun interactive meeting and the discussion on nutrition was very interesting! It is great to see how everyone is doing their best to help children grow up as healthy as possible! At school, we match this by offering the children a healthy hot meal twice a week with Tommy Tomato.

On Thursday 1 February, there will be the third 'look in the group' and coffee moment for parents. Sjoerd Mercera of Stichting Meerwaarde will come to tell that for the second time. This time, he will talk about the language courses and activities Meerwaarde offers for adults and children.

Wereldwijzer 2- October 2023

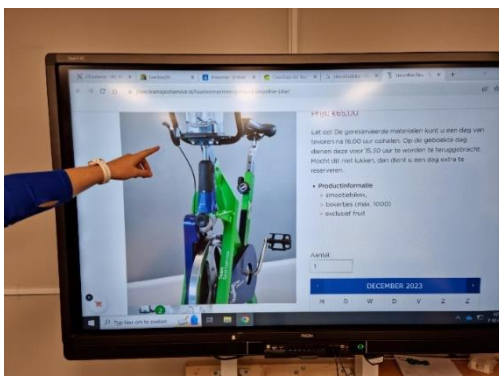

ITK (International languages classes)

The past few weeks have been dominated by the theme of Feast. The pupils have learned words related to various celebrations. A lot of attention has also been paid to typical Dutch celebrations, such as Sinterklaas. After the holidays, the theme will be "Hatsjoe" and we will learn words to do with the body, illness and health. It is nice if you then also talk to your child about these topics in your own language. This helps in learning the words in Dutch.

After the holidays, our expansion will also continue. We will start with group Pink, a group with pupils aged 8, 9 and 10. We are happy to have found a new teacher for this group. He will introduce himself to you in this newsletter. Some pupils will also change groups. Parents and children will be informed about this personally.

Prize Language class Blue

A few weeks ago, group Blue participated in the step-count project. This was organised by the Haarlemmermeer sports service. All children in group Blue received a step-counting watch. For a week, Group Blue went on extra exercise and sports and after a week we wrote down the number of steps. Group Blue had taken a total of 19540 steps! And with this score, we also won a prize! We got to rent two smoothie bikes with a sports day! Super nice that we got a prize and also very nice that we get to keep the watches.

Staff

Introducing:

Regular

Dear parents/carers,

My name is Djinan Nurmohamed and I will be joining the team at IKC Wereldwijs from 9 January. This seems like a great school to work in and I am immensely looking forward to starting. On Wednesdays, I am in group 4/5 and Thursday and Friday in group 8.

I am 56 years old, married with 3 children (a son aged 22 and two daughters aged 18) and live in Hoofddorp. Meanwhile, I have been working in primary education for more than 10 years. With my Surinamese background, I really enjoy teaching children of different cultures. I get a lot of pleasure out of working with children from multicultural families.

I look forward to meeting you in the schoolyard! For now, happy holidays and a happy new year!

Hello all! My name is Saheser Berberoglu, I am 22 years old and live with my parents, brother and sister in Heemskerk.

From February, I will be working as a teaching assistant Regular at IKC Wereldwijs! I'll be working on Mondays and Tuesdays. The rest of the week I am busy with my studies to become a primary school teacher, which I am doing at the Hogeschool in Leiden. So hopefully one more year before I can stand in front of the classroom myself!

In my spare time, I like to be with family and friends. Should I have any time left over besides my studies, I like to bake all sorts of goodies, such as cakes and biscuits.

I am looking forward to starting in February! Hope to see you then!

Wereldwijzer 2- October 2023

ITK

First of all, let me introduce myself, my name is Willem Luijckx. I am the new teacher of the new Language Class Pink. I am married to Ayala and have 3 grown-up children.

In the Netherlands, I worked in special education for eight years as a group teacher. From 1990 until 2023, I lived in Israel. There I worked at various schools and institutes as a sports teacher, exercise teacher and Dutch language teacher.

I am very excited and energised to work in the Netherlands again at IKC Wereldwijs as a group teacher.

I wish you happy holidays and a happy 2024.

Kind regards,

Willem Luijckx

My name is Davey Goossens, I am 28 years old and working at Wereldwijs since 1 November 2023.

I work two days in group T Purple. On the other days I work at another primary school.

Besides my work, I am the father of a little boy, Jazzley. In my job, I try to get the best out of children and will always have fun and have a laugh with them.

New pupils and departing pupils:

Regular:

Enzo is moving, starting at another school after the holidays.

The following children started at regular last term. Welcome all of them!

Rana Hazeem (1-2A), Omar (1-2B), Rana Kazeem (group 3), Aylin (group 6-7), Nil (group 6-7) and Abdallah (group 8).

ITK Language classes:

Over the past few weeks, many pupils have moved: Sofyan, Waleed, Rafeef, Ayesha, Sardar Malek, Mohammed Malek, Nicollas, Sojda and Manahel.

Wereldwijzer 2- October 2023

After the Christmas break, the following pupils will leave: Emal, Tatsam, Trayaaksh, Alex, Dhruv, Muxin, Diaan, Riley, Daryna, Tarsila, Iarik and Tyler. We wish all these children a great time at their new school.

New children will also start in the language classes after the holidays:

Green: Mielkyis, Bietal, Ysra, Taha, Abdle Aziz, Gabriel

Red: Kopelan, Hevana

White: Anhelina, Maayan, Anabel and Zaineddin

Grey: Sidra, Ibra

Yellow: Emir, Fatima, Junxi, Kinley

Pink: Sacha, Daniel, Alicia, Kaislyn, Liana, Mohammad, Naeem, Fadel, Zilan, Rotem, Ludrik, Ahmad,

Blue: Zhuoxi, Ali

Orange: Kaiser

Have fun learning Dutch, everyone!
