

Dear parents, guardians,

Spring has started and we are immediately treated to sunny weather. Last Monday and Tuesday we had two study days with the team. Valuable days in which we thought together about how we want to shape education in the future. Taking into account all the developments that are coming our way. Think of technological developments and social developments. We want to prepare the children well for the future. We have great plans that we will implement step by step. Of course we will keep you informed about this.

Colleagues from the language classes visited other language schools to share knowledge and gain inspiration. We concluded the two-day event with a painting workshop. The works of art can soon be admired in the corridors of the buildings. Below is a preview.

Kind regards on behalf of the team of IKC Wereldwijs,
Toyah Vogels

Agenda:

Week 15 en 16:

- Toetsweken taalklassen
- 17 april Paasviering
- 17 april Konings spelen

Meivakantie vanaf 27 april t/m 6 mei

6 mei is een studiedag voor alle leerlingen.

Wij zien de kinderen graag weer woensdag 7 mei.

Did you know?

- Group 5 to 8 takes percussion lessons and they can already make rhythms very well.
- We had 2 study days with the team on March 31 and April 1. The first day we were on the beach and in addition to educational moments we also had fun moments.
- Ms. Myrna is on leave and will be back to work after the summer holidays?
- Ms. Mariëlle I. gave birth to a girl and will be back in charge of group 4 on May 22?

Wereldwijs pakt uit >>>>>>>>>>>>Schoolreisje!

We have good news. As it looks now, we can go on a school trip with all classes this year. We are arranging the last things with the transport. But it looks like it will all work out. More details about these days will follow in the next wereldwijzer.

Efteling

Schoolfruit.eu is making a contribution to our school trip, through this fun campaign we can go to the Efteling with groups 4 to 8 and turquoise, lilac, pink, blue, black, purple, orange and gray on May 15. For the remaining amounts, we call on you to read the message below about the parental contribution carefully.

Linnaeushof

Groups 1-2-3-4, red, yellow, green, white will go to the Linnaeushof on May 13.

Parental contribution

If you have not yet managed to pay the voluntary parental contribution this year, we would like to ask you to do so now. We cannot pay for school trips from the money that is intended for education in the classroom. We think it is important that we also do fun things for and with the children.

You can transfer an amount as a parental contribution using this QR code. The parental contribution this year is €50 per child. The target amount for the school trip is €25 per child. We are grateful for any amount, even a smaller contribution. Everything helps to cover the costs so that we can organize a fun day for all children.

Thank you for your contribution

Koningsspelen

On Thursday 17 April we will be doing the King's Games. This day is all about sports and doing fun things in the classroom. It is easier for your child if he/she wears sports shoes and comfortable clothing. No slippers/boots/etc. Your child may also wear orange clothing, but this is not mandatory.

You are welcome to join us on Thursday 17 April at 08:30 to celebrate the opening of the King's Games.

We need your help again this year. Would you like to guide a group of students through all the games? Then register via parro with the group teacher.

Departing and new colleagues

With this message we would like to inform you about the departure of Christianne Haan, location manager of the primary school. She is going to pursue her dream and will become director of a school in Lisse in the new school year. We wish her much fun and success with her new challenge and thank her for the time she has worked at Wereldwijs.

We would also like to inform you about the departure of teacher Renencia, she has decided to leave Wereldwijs, we wish her success.

We are happy to welcome teacher Roel and teacher Vivian to the primary school. They have been the teachers of group 1/2a since teacher Myrna's leave.

Building

You have seen the fences along the building. The intention is to repair the facade during the summer holidays. When this is done, the fences can be removed. As a school, we are really looking forward to this.

Meet & Greet

Meet & Greet
Meer Primair
.....
dinsdag 8 april
15.30 - 17.30 uur
Basisschool De Caleidoscoop
Hammariksdijkstraat 236
Hoofddorp

Ben jij onderwijsprofessional (in spe)?
Kom dan kennismaken met onze basisscholen!
