

Agenda:

- 20 t/m 24 October: Autumn holiday
- Tuesday 29 October:
A look at the group (8:30 a.m.) en
Information meeting (9:00 a.m.) .
Subject: Sint Maarten. (Saint Martin)
- Friday 14 November:
Studyday (No school)

Dear parents and guardians,

The first weeks of the school year are now behind us – the school year has really begun! Outside, autumn is showing itself with falling leaves and rainy days, but inside the school, it is buzzing with energy. It is wonderful to see how the children have found their place, how they learn, laugh and work together in the classrooms.

As a team, we are working hard this year to continuously improve our lessons. Colleagues observe each other in class, share ideas and learn from and with each other. Every day, we work to make our school a little better – step by step, with attention and commitment. The team discussions focus on the content of good education, what works for our children and how we can continue to grow together.

As headteacher, I am extremely grateful to be able to work at this school, with this wonderful team and with all those children who make a difference every day.

On behalf of the whole team, I wish everyone a very happy autumn holiday!

Kind regards,

Toyah Vogels
Headteacher, IKC Wereldwijs

School playground

In the previous newsletter, you read that additional bicycle racks have been installed next to the bicycle shed. Additional racks have now also been installed at the car park next to the school. There are now enough bicycle racks for all users. We kindly request that you place your bicycle and your children's bicycles in the bicycle rack. This ensures a safe and orderly environment for everyone.

At the end of next month, road workers will come to repair part of the school playground. At the same time, a new balance course will be laid out.

Extra shrubs will be planted in certain places to keep the sand in place and limit mud formation.

New bicycle racks

A look at the group

On Tuesday 29 October, you can visit your child's classroom between 8:30 and 9:00 a.m. This will give you an opportunity to observe how lessons are conducted at our school. If you have multiple children, you can divide your time between them, for example, spending 10 minutes with each child.

Afterwards, you can proceed to the library (near the main entrance), where the information morning will begin at around 9:00 a.m. This time, the topic will be a Dutch children's holiday: Saint Martin's Day.

We hope to see you all on Tuesday!

Cupboards in the corridor near the school library

The grocery cupboard has reopened. There are new rules:

The teacher opens the cupboard at 2.30 p.m.
Parents and children up to Year 4 are allowed to accompany them.
It is an exchange cupboard. Do you have any products left at home that are still edible? Then you can place these products on the cupboard, and we will put your products in the cupboard.

The book exchange cupboard has been festively opened with a video. Children and parents are allowed to take or exchange a book here. The same applies here: do you have any children's books left over? Place them in the cupboard.

The sports shoe exchange cabinet is now also open. Do you need sports shoes? Don't have enough money to pay for them? Feel free to take some! Do you have any sports shoes or trainers left over that are still in good condition? Put them in the shoe cabinet! Thank you!

Voluntary parental contribution:

The previous newsletter included an article about the voluntary parental contribution.

Many thanks to all parents who have paid this contribution. If you would still like to pay, you can do so as follows:

Scan the QR code to pay €50.00 for the Parental Contribution 2025-2026. You can adjust the amount if necessary.

Use the Camera App on your mobile phone.

De Boodschappenkast is weer open!

We zijn blij te laten weten dat de boodschappenkast van IKC Wereldwijs weer open gaat! Zo kunnen we elkaar helpen en samen delen wat we hebben

Openingstijden:

De leerkracht opent de kast om 14.30 uur

De kast sluit om 14.50 uur

- 1 Alleen kinderen mogen een product pakken.
- 2 Ouders mogen kinderen tot en met groep 4 begeleiden.

Het is een ruilkast: ouders en leerkrachten mogen ook producten van thuis toevoegen.

Samen zorgen we voor elkaar!

Message for primary school:

61% of children brush better since their previous visit to the Poetsbus!

On 15 September, the Poetsbus, a converted American school bus, parked in front of the Wereldwijs primary school once again. During this visit, we saw 86% of the children in grades 2 to 8. These pupils were selected based on their Gewoon Gaaf score, which showed that they needed extra oral care (e.g. due to cavities or inflamed gums).

The results at a glance:

- 61% of the children brush better than during our first visit.
- 29% brush the same as before.
- 10% have healthy gums.
- 90% have (still) inflamed gums.
- 17% have their teeth brushed daily.
- 58% never have their teeth brushed.

What can we improve together?

In children up to the age of 11, fine motor skills are still developing. That is why it is important to brush their teeth daily until the age of 11 – ideally once a day. Are you unsure whether your child is brushing their teeth properly on their own? Use the plaque disclosing tablets we have provided to check this easily.

Would you like to receive a personal report?

All parents/guardians received a personal oral care report during the week of our visit. This was sent via secure healthcare email from dental hygienist Poetsbus Zorgmail. Please note: this email may sometimes end up in your spam folder. Didn't receive an email? Send a message to administratie@poetsbus.nl stating your child's name and date of birth.

For questions about the prevention budget and reimbursements, please visit www.poetsbus.nl for more information.

The Poetsbus will visit your school again in 2 to 3 years. Which class will win the Poetsbus challenge cup? Healthy teeth are a great asset!

Poetsbus

Poetsbus challenge cup

Message for the Language classes:

The Wereldwijs Language School is on its way to healthy children's teeth!

In September, the Poetsbus visited the Wereldwijs Language School. We would like to summarise the most important findings:

- 58% of the children had cavities
- 93% had inflamed gums
- 100% require extra care according to the Gewoon Gaaf score

All parents/guardians have now received a personal report via secure healthcare email (sender: Poetsbus Zorgmail dental hygienist). Please note: this email may end up in your spam folder. If you have not received an email or would like to withdraw your child from the project, please send an email to administratie@poetsbus.nl, stating your child's name and date of birth.

Next visit: Tuesday 13 January 2026

On Tuesday 13 January, we will visit the school again. This time for children in grades 1 to 8 who could use extra care. This information has been shared in the personal report that parents/guardians received by email.

We look forward to our next visit. Healthy teeth are a great asset!

Hulp requested:

On Saturday, 25 October, there will be a Halloween party in our school playground (see flyer). The organisers from the neighbourhood council still need some strong people to help carry the fences. Set-up will begin at 9:00 a.m. and take-down will begin at 9:30 p.m. Would you like to lend a hand? Many hands make light work. 🙌
